

# *John & Olivia's Bed & Breakfast Inn*

John & Olivia's is a five bedroom, five bath B&B nestled in Nelson County, Virginia in the community of Schuyler, boyhood hometown of Earl Hamner, Jr., creator of *The Waltons* and author of two books about his family, *Spencer's Mountain* and *The Homecoming – A Novel About Spencer's Mountain*. Earl was a master storyteller, who wrapped the history of Nelson County around the fictional Jefferson County, and whose stories were a blend of reality and fiction, highlighted with homespun humor and wisdom that comes from hearty Depression people who lived life with ingenuity and determination.

For nine seasons *The Waltons* aired to enthusiastic audiences who appreciated stories of a time gone by, a time most people fondly remember, a time of their parents and grandparents, and a time that Earl Hamner, Jr. captured perfectly.

John & Olivia's Bed & Breakfast Inn will be a haven to those who wish to remember this popular television show that aired from 1972-1981 and rooms will feature antiques and period pieces from the 1930s, with a modern touch in bathrooms. From The Writer's Room to the Grandparent's Room, guests will experience the love of the Hamner and Walton family and will relax in a fondly remembered era with a home cooked breakfast and freshly baked afternoon cookies.

Join us on the front porch, relax and remember when life was less hectic, family was cherished and simple joys were treasured.

*A Walton inspired depression era Virginia home*
